[Docket No. RP99-381-000]

**Wyoming Interstate Company, Ltd.;
Notice of Proposed Changes in FERC
Gas Tariff**

July 8, 1999.

Take notice that on July 1, 1999, Wyoming Interstate Company, Ltd. (WIC) tendered for proposed changes in its FERC Gas Tariff, First Revised Volume No. 1 and Second Revised Volume No. 2.

The proposed rate changes would increase revenues from existing system jurisdictional service by approximately \$8.1 million based on the 12-month period ending February 28, 1999, as adjusted. WIC requested an effective date of August 1, 1999. WIC states the rate increase is necessary to: (1) Compensate WIC for increased operating costs; (2) depreciation expense; and (3) allow WIC to earn a rate of return on WIC's assets, at a level that will be competitive in capital markets.

WIC states that a full copy of its filing are being served on all jurisdictional customers, applicable state commissions and interested parties that have requested service.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with § 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with § 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).
